HEALTHY DISCIPLESHIP

OUR MISSION

To transform Church culture
through the multiplication of deeply
changed leaders and disciples

2018 IMPACT

Equipping Leaders to Lead the Church

This last year, we saw over **1,300 church leaders** come through “Level 1 Training” to launch the EHD Course in their own church!

2018 IMPACT

Reengineering the Church by Multiplying Disciples

In 2018, hundreds of new churches launched the EHD course in North America, bringing the total number of partner churches to **over 500!**

A blue door is set within a blue wall, slightly ajar, revealing a bright white light. The door and wall have a textured, slightly mottled appearance.

2018 IMPACT

Opening New Doors to Reach More Leaders

We witnessed an explosion of the EH Leader Podcast with over **1 million downloads** this last year. The podcast allows us to create accessible onramps for leaders to experience EH culture.

2018 IMPACT

Fueling the Global Expansion of the Church

We were honored to host leaders from **19 countries** at the EH Leadership Summit. This is a great sign that God is changing church culture all over the world.

What's Ahead in 2019?

4 Ways Your Support Can Change Leader's Lives

1. Shift the Church of the Future

We sense a clear leading from God to spend time mentoring next generation pastors. By investing in life-on-life relationships, we can influence emerging leaders to bring health and depth to the future of the church.

2. Introduce Leaders to a New Kind of Culture

As you know, there is much more to EHD than what you can read in a book or absorb from a sermon. We plan to launch our first ONE DAY experience where leaders can come close enough to “taste and see” our culture and catch a vision for what's possible in their own church.

3. Empower Leaders to Change Their Own Church

Real transformation will only take root if church leaders are able to lead the change themselves. For that purpose, we plan to professionally film our “Level 1 Training” so it is available on demand, enabling leaders to get the practical tools and a proven roadmap to launch and lead the course in their own church.

4. Fuel the Explosion of the Global Church

God is on the move all over the world. We feel strongly that in order to support this global movement, we must make EHD accessible in new languages. This year, we plan to translate our resources into Spanish, making it possible to reach over 440 million Spanish-speaking people and multiply deeply changed disciples.
