EXPONENTIAL GROWTH OF CHURCHES DOING THE EHD COURSE: Part 1 & Part 2

We experienced our most significant expansion of churches doing the EHD Course in North America since we began keeping track five years ago. In fact, the acceleration of growth of new churches has been stunning. We estimate **over 2000 churches** in North America are now doing this Course!

EXPANDED LEADER'S TRAINING VAULT

We have now released both Level 1 AND Level 2 Training in our **free Leader's Training Vault** (This is the fruit of 5 years of development). These two powerful training tracks provide churches with the training tools to integrate the Emotionally Healthy Discipleship Course: Pt. 1 and 2 as the discipleship-making pathway for their church.

INVESTING IN YOUTH/STUDENTS

We continue the slow, detailed work of translating, writing, and field-testing the Emotionally Healthy Discipleship Course (Pt. 1 and 2) for youth/students (ages 12-18). Over **30 youth pastors** from around North America are involved in this pilot phase.

INTENSIVE EHD COHORT

In March of 2023, we will **complete our first Cohort of 8 couples** – an 18-month, intensive time frame in which we meet for 4 in-person modules for 4-5 days on the themes of “Leading from Within, Leading out of Your Marriage, Leading from the Crucible of Differentiation/Discernment, and Leading as a Spiritual Father/Mother.”

In the summer of 2023, we will begin **inviting 8-9 new couples** (*from around the world*) to join our second cohort.

TRAINING POINT LEADERS TO LEAD THE PASTORS/LEADERS COURSE: Part 1 and Part 2

Every year we offer an “invitation only” EH Leadership Course for almost **400 pastors** in order that they might be mentored/disciplined themselves to live EHD before teaching it to others.

Our goal is to multiply this unique Leadership Course globally. Thus, we now have **14 “Point Leaders in Training”** preparing to teach this Course themselves for their denominations/movements. And we’ve developed a 200-page digital manual for them (a 2 ½ year effort).

GLOBAL EXPANSION

Your support continues to nurture and expand the growing movement of EHD around the world – **particularly in Latin America, Africa, UK/Europe, Asia/Australia**). We continue the important work of **translating all our resources into Spanish** (e.g. website, training materials, e-books) for Latino church leaders in North and South America who serve over 440 million Spanish speakers worldwide.

Consider partnering with us in our task to deeply transform church leaders for the sake of Jesus' mission in the world.
